OUR MANUFACTURING CAPABILITIES

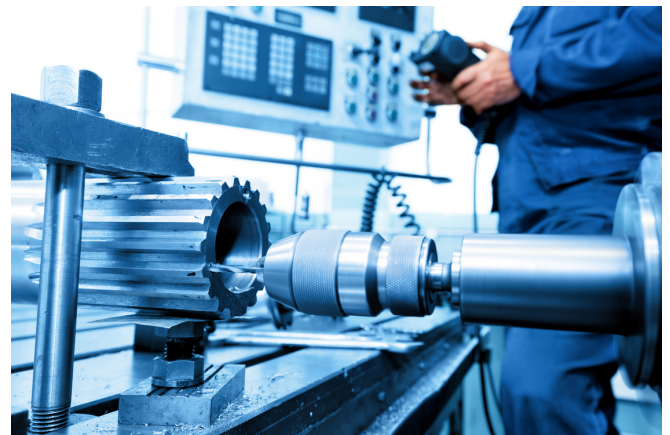

CNC equipment

- ➡ 5-Axis CNC Turning (twin-spindle)
- ➡ 5-Axis CNC Turning (twin-spindle and sub-turret)
- ➡ Leadwell CNC vertical machining center
- ➡ Mazak CNC horizontal machining center

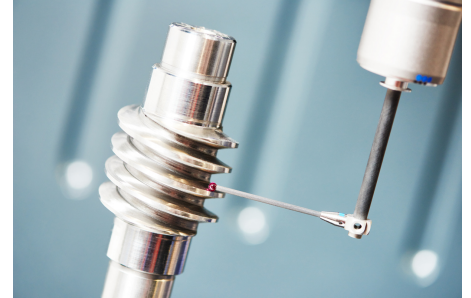

Conventional equipment

- ➡ Lathes (digitally controlled)
- ➡ Millings (digitally controlled)
- ➡ Surface and cylindrical grinders
- ➡ Boring mill

Quality control

- ➡ 350 square foot inspection room
- ➡ Temperature-controlled room
- ➡ Hardness testing machine
- ➡ Mitutoyo CMM inspection machine
- ➡ Keyence Instant Measurement System

Factory

- ➡ Overhead cranes
- ➡ Clean and safe environment
- ➡ Qualified and skilled personnel
- ➡ 2 500 square foot working area
